

TrinaProtect

TRINA PROTECT 25/25 WARRANTY PROGRAM **BRINGS PEACE OF MIND FOR HOMEOWNERS & INSTALLERS ALIKE**

Homeowners installing a rooftop PV system want more than just renewable energy, they want long-term reliability that brings peace of mind. This also applies to installers, who need to stand by the panels they install.

That's why we've introduced the Trina Protect warranty program for our all-black residential solar modules. Trina Protect provides a 25-year Product Warranty and a 25-year Performance Warranty bundled into one simple program.

25-Year Product Warranty

At Trina Solar, we maintain strict quality control over the entire manufacturing process, from start to finish. Because of this commitment to quality, we proudly stand by our solar modules with a 25-year product warranty for our all-black residential modules.

25-Year Performance Warranty

Installing solar panels that remain functioning for 25 years is only half the solution. It's also just as important for the panels to continue generating energy at expected levels for their life spans. Our residential solar modules have a very low degradation rate, and Trina Protect guarantees the modules' performance output for 25 years.

SIMPLE
AND EASY

Unlike other options in the market, the Trina Protect warranty program applies automatically at purchase, with no registration, activation or training required. It's one of the easiest and simplest warranty programs on the market for both customers and installers.

BACKED BY A
TRUSTED BRAND

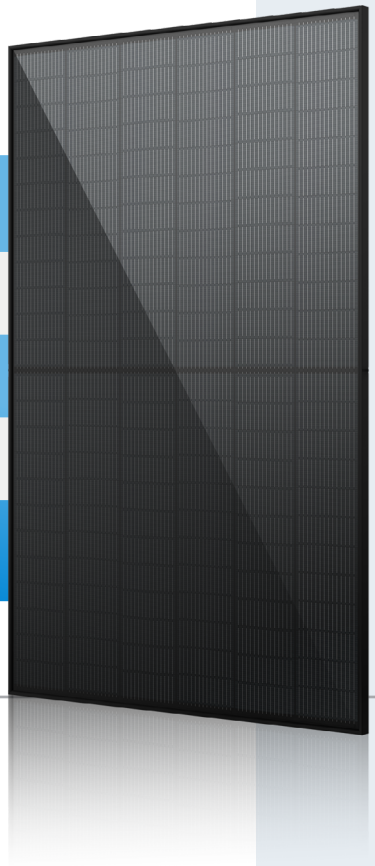

An extended warranty program is only as good as the company backing it.

During the past few decades, Trina Solar has earned a reputation for our reliability and bankability. Bloomberg New Energy Finance (BNEF) awarded Trina a best-in-class top rating in its annual module and inverter bankability report. Trina stands as the only module manufacturer rated as fully bankable for seven consecutive years by 100 percent of BNEF survey participants

MAKING THE
COMPARISON

	Other Suppliers	TrinaProtect
Performance Warranty	~ 10-12 years	25 years
Product Warranty	~ 10-12 years	25 Years
Automatic Registration	No	Yes
Automatic Activation	No	Yes

Trinasolar

With Trina Solar behind it, Trina Protect offers complete protection and total peace of mind for solar customers and installers, now and for the future.
